

CERTIFICATE

for the Recycling Compatibility of Packaging Components

Ritrama S.p.A. Headquarters
Via Senatore Simonetta, 24
20867 Caponago (MB) - Italy

The company receives the certification of recycling compatibility for the following packaging components.

Designation

RI-MOVE PET // PP GLOSS WHITE CAVITATED TC PET30 AR842

PP-based white label with acrylic dispersion adhesive in combination with PET-A bottles

Test result

Compatible for Recycling
as pressure-sensitive label in applications on PET bottles

Test standard / scope of application:

- Requirements and assessment catalogue of the institute cyclos-HTP for EU-wide certification (state 07.10.2019) /
Scope of validity according to nation states, see chapter 1

Within the certification process, conformity with the following standards was also checked:

- Minimum standard for measuring the recycling capacity of the CAPG (state 30.08.2019); also integrated
- DIN EN 13430 with regard to material recyclability in the post-use phase; also integrated
- COTREP – Recyclability of Plastic Packaging (state: December 2016); following test protocol EPBP QT 504
- APR Design® Guide for Plastics Recyclability (state: 2018); on request

This certificate (No. 2313-2020-001496) is valid until **30.06.2021** (1 year upon issue) relating to the countries identified in the assessment report. This certificate will lose validity in case of qualitative or quantitative changes in the composition of the tested adhesive product.

Aachen, dated 26.06.2020
